INDEX TO VOLUME 256 (B)

Anderson, D. T. On the embryology of the cirripede crustaceans Tetractilia rosea (Krauss), Tetractilia purpurascens (Wood), Chthamalus antennatus (Darwin) and Chamaesipho columna (Spengler) and some considerations of crustacean phylogenetic relationships, 183.

Architecture of the accessory reproductive glands of the desert locust. IV. Fine structure of the glandular epithelium (Odhiambo), 85.

Baju, T. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Boyce, A. J. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Clegg, E. J. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Complex of Ficus deltoidea: a recent invasion of the Sunda Shelf (Corner), 281.

Corner, E. J. H. The complex of Ficus deltoidea: a recent invasion of the Sunda Shelf, 281.

Dodd, J. M. See Leatherland & Dodd.

Effects of altitudinal variation in Ethiopian populations (Harrison, Küchemann, Moore, Boyce, Baju, Mourant, Godber, Glasgow, Kopec, Tills & Clegg), 147.

Embryology of the cirripede crustaceans Tetractilia rosea (Krauss), Tetractilia purpurascens (Wood), Chthamalus antennatus (Darwin) and Chamaesipho columna (Spengler) and some considerations of crustacean phylogenetic relationships (Anderson), 183.

Ficus sect. Adenosperma (Corner), 319.

Foster, B. A. Responses and acclimation to salinity in the adults of some balanomorph barnacles, 377.

Foster, B. A. See also Nott & Foster.

Functional morphology of the gorgonopsid skull (Kemp), 1.

Glasgow, Bridget G. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Godber, Marilyn J. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Histology and fine structure of the pre-optic nucleus and hypothalamic tracts of the European eel Anguilla anguilla L. (Leatherland & Dodd), 135.

Kemp, T. S. On the functional morphology of the gorgonopsid skull, 1.

Knowles, Sir Francis & Anand Kumar. T. C. Structural changes, related to reproduction, in the hypothalamus and in the pars tuberalis of the rhesus monkey. I. The hypothalamus, 357. II. The pars tuberalis, 367.

Kopec, Ada C. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Küchemann, C. F. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Kumar, T. C. Anand. See Knowles & Anand Kumar.

Leatherland, J. F. & Dodd, J. M. Histology and fine structure of the pre-optic nucleus and hypothalamic tracts of the European eel Anguilla anguilla L., 135.

Moore, M. A. S. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Mourant, A. E. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Nott, J. A. & Foster, B. A. On the structure of the antennular attachment organ of the cypris larva of Balanus balanoides (L.), 115.

Rees, Mrs E. I. S. See Walley, L. Jane.

Responses and acclimation to salinity in the adults of some balanomorph barnacles (Foster), 377.
Structural changes, related to reproduction, in the hypothalamus and in the pars tuberalis of the rhesus monkey.
I. The hypothalamus, 357. II. The pars tuberalis (Knowles & Kumar), 367.
Structure and function of a connective chordotonal organ in the cockroach leg (Young), 401.
Structure of the antennular attachment organ of the cypris larva of Balanus balanoides (L.) (Nott & Foster), 115.
Studies on the larval structure and metamorphosis of Balanus balanoides (L.) (Walley), 237.

Tills, D. See Harrison, Küchemann, Moore, Boyce, Baju, Mourant and others.

Young, D. The structure and function of a connective chordotonal organ in the cockroach leg, 401.

*End of the two-hundred and fifty-sixth volume—Series B*
