PROCEEDINGS AND PHILOSOPHICAL TRANSACTIONS
OF THE ROYAL SOCIETY

Notice to contributors

The Royal Society welcomes suitable communications for publication in its
scientific journals: papers estimated to occupy up to 24 printed pages are con-
considered for the Proceedings and longer papers and those with numerous or large
illustrations for the Philosophical Transactions.

Detailed advice on the preparation of papers to be submitted to the Society
is given in a leaflet available from the Executive Secretary, The Royal Society,
6 Carlton House Terrace, London SW1Y 5AG. The ‘Instructions to authors’ are
also printed in every fifth volume of the Proceedings A and B (volume numbers
ending in 0 or 5). The basic requirements are: a paper should be as concise as
its scientific content allows and grammatically correct; standard nomenclature,
units and symbols should be used; the text (including the abstract, the list of
references and figure descriptions) should be in double spaced typing on one
side of the paper. A leaflet giving detailed advice on the preparation of illus-
trations is available from the Executive Secretary; diagrams should be expertly
drawn at about twice the proposed final size, preferably with lettering in the
correct style but if this is not possible the lettering should be inserted not on
the original drawings but on a set of copies; where photographs are essential
the layout should be designed to give the most effective presentation.

The initial submission of a paper must be through a Fellow or Foreign
Member of the Society, but subsequent correspondence will be conducted
direct with the author. The latest lists of Fellows and Foreign Members are to
be found in the current edition of the Year Book of the Royal Society. A copy of
‘Notes for the guidance of Fellows communicating papers’ is available from the
Executive Secretary. In the event of any difficulty, an author is invited to seek
the assistance of the Executive Secretary.

No page charge is levied, and the first 50 offprints of a paper are supplied to
the author gratis.

The Editors particularly welcome short communications to Proceedings; as
far as possible they will be given expeditious treatment both in consideration
and in printing, and this will be facilitated if a paper is submitted with a firm
recommendation by a Fellow.
