ROYAL SOCIETY MATHEMATICAL TABLES

1. The Farey Series of Order 1025
   U.K. addresses £10.00 Overseas £10.30
2. Rectangular-Polar Conversion Tables
   £4.00 £4.15
3. Table of Binomial Coefficients
   £5.00 £5.15
4. Tables of Partitions
   £6.00 £6.20
5. Representations of Primes by Quadratic Forms
   £4.75 £4.90
6. Tables of the Riemann Zeta Function
   £4.00 £4.15
7. Bessel Functions, Part III: Zeros and Associated Values
   £5.50 £5.70
8. Tables of Natural and Common Logarithms to 110 Decimals
   £3.25 £3.40
9. Indices and Primitive Roots
   £8.00 £8.25
10. Bessel Functions, Part IV: Kelvin Functions
    £4.50 £4.65
11. Coulomb Wave Functions
    £6.00 £6.20

ROYAL SOCIETY SHORTER MATHEMATICAL TABLES

1. A Short Table for the Bessel Functions \( I_{n+\frac{1}{2}}(x) \) and \( K_{n+\frac{1}{2}}(x) \)
   £0.80 £0.85
2. Bessel Functions and Formulae
   £0.50 £0.55
3. A Short Table for Bessel Functions of Integer Orders and Large Arguments
   £1.00 £1.05

BRITISH ASSOCIATION MATHEMATICAL TABLES

I. Circular and Hyperbolic Functions. (3rd Edition)
   £3.00 £3.10
IV. Cycles of Reduced Ideals in Quadratic Fields
   £3.00 £3.10
V. Factor Table
   £5.25 £5.45
VII. The Probability Integral
   £2.40 £2.50
VIII. Number-Divisor Tables
   £3.75 £3.90
IX. Table of Powers giving Integral Powers of Integers
    £3.00 £3.10
X. Bessel Functions, Part II: Functions of Positive Integer Order
    £7.50 £7.75
Part-Volume A. Legendre Polynomials
   £1.30 £1.40
Part-Volume B. The Airy Integral
   £1.70 £1.80

</table>
| 1108 | Biological roles of protein phosphorylation  
A Discussion organized and edited by S. V. Perry, F.R.S., and P. Cohen. [Two plates] |
| 1109 | The primary production of Aldabra Atoll, with reference to habitats used by giant tortoises  
By C. W. D. Gibson and J. Phillipson  
The vegetation of Aldabra Atoll: preliminary analysis and explanation of the vegetation map  
By C. W. D. Gibson and J. Phillipson. [Pullout 1] |
| 1110 | Functional aspects of human memory  
A Discussion organized and edited by D. E. Broadbent, F.R.S. |
| 1111 | The aerial transmission of disease  
A Discussion organized and edited by J. B. Brooksby, F.R.S. |
| 1112 | The Triassic reptile *Hyperodapedon* from Elgin: functional morphology and relationships  
By M. J. Benton. [Plates 1 and 2] |
